VOL. LIX: No. 10

REDWOOD CITY, CALIFORNIA, SATURDAY, JULY 20, 1918.

ESTABLISHED 1859.

CITY TRUSTEES HOLD SHORT SESSION

Monday evening the city Trustees met with a full attendance and transacted the business in just 35 minutes. It is stated that this was the shortest session in several years.

On motion Fire Chief M. E. Ryan was selected to attend the meetings of the Pacific Coast Fire Chiefs Convention to be held in Oakland on September 17.

M. F. Brown, of San Mateo, secretary of the California Traffic Association, presented a communication, asking for an appropriation to help carry on the campaign for the improvement of the road and traffic conditions in the state. The board did not take action in the matter, but placed the communication on file.

S. P. McGettigan and Sons of San Francisco, presented an application, asking for a permit to operate an express and freight line between San Jose and San Francisco. The hearing was set by Mayor Mable for Monday, August 6.

Trustee Ryan brought up the matter of allowing Charles Cornelius, a jitney operator, to run his busses between Camp Fremont and this city, after refusing to co-operate with the Chamber of Commerce bus lines. The city attorney was requested for a legal opinion in the matter and stated that the ordinance gave the trustees the power to revoke the license of an operator if there was sufficient reason for their so doing.

In speaking of the jitney matter, Trustee Ryan said he did not wish to do an injustice to anybody and that he was willing to place the Cornelius matter in the hands of the chief of police to see if it could be settled.

The local Home Guard presented a request to the board asking for a donation for the purpose of purchasing uniforms, stating that the county had donated \$150. After some discussion it developed that about \$200 was derived from the sale of dance tickets making a total of \$350, and the uniforms would cost slightly over \$500. Upon a motion by Trustee McNulty the board donated the sum of \$25.

The matter of requesting the S. P. company to keep the crossing at the depot open in case of fire was discussed but no action taken.

BELMONT NERVE SPECIALIST SUED BY COUNTY WARD

Charles Murphy has commenced an action in the superior court against Mrs. Maude C. Reed and others to recover the sum of \$1200. The complaint alleges that defendants conduct a nerve rest sanitarium at Belmont, that on September 29, 1915 plaintiff gave Mrs. Reed the sum of \$1200 for a home for life, he to live in comparative ease. He was only at the sanitarium for a short time when he became dissatisfied with his treatment. He received only the necessities of life and was finally compelled to take up his abode at the county poor farm. Murphy asks that his money be returned to him. He alleges that defendants failed to keep their agreement. J. J. Bullock is the attorney for plaintiff.

POPULAR COUPLE MARRIED

Miss Bethel Dickie and Daniel Harrison Williams were united in marriage at the home of the bride's parents at Napa Tuesday of last week. Rev. I. E. Baxter officiated, in the presence of about forty relatives and friends. The pretty bride is the charming daughter of Mr. and Mrs. Dickie and a grand daughter of George W. Dickie, the famous boat builder of San Mateo. Mr. Dickie superintended the building of the battleship Oregon. Mrs. Dickie was formerly Miss Alice Elkerenkotter, daughter of Charles Elkerenkotter of Marin county. The wedding of Miss Elkerenkotter and Mr. Dickie was solemnized in Redwood City in 1897. Mrs. Dickie at that time was accounted the prettiest woman in San Mateo county. The Dickies have resided in Napa county for some years.

J. D. AINES BRINGS SUIT FOR DIVORCE

James D. Aines has commenced an action in the superior court against his wife, Della A. Aines, for an interlocutory decree of divorce, on the ground of extreme cruelty. The Aines were married at Kansas City, Kansas, on December 8, 1911 and separated April 30, 1915 at Aurora, Illinois. There is no issue of the marriage.

HUBBARD ESTATE APPRAISED

H. W. Schaberg, inheritance tax appraiser of the estate of Cornelia E. Hubbard, deceased, has filed his inventory and appraisement. The total value of the estate is placed at \$29,035.14. It consists of cash in bank amounting to \$4635.17 and an undivided half interest in the James Reed ranch at Pescadero appraised at \$24,499.97. Harry J. Bias of Santa Cruz is the attorney for the estate.

REPORT OF SESSION OF SUPERVISORS

The board of supervisors met in regular session Monday, July 15, there being present Dr. C. V. Thompson, presiding, T. L. Hickey, W. H. Brown, John MacBain and Jos. M. Francis.

Attorney Matt A. Harris, whose residence is at Menlo Park, appeared before the board, as the representative of an informal citizens committee of that place, and addressed the members relative to the practice of scattering old papers, bottles and other refuse along the highways of the county. He suggested that large painted signs be placed along the highways, calling the attention of the public to the county ordinance covering the matter.

Attorney Harris also complained to the board about the indiscriminate shooting of rifles on the part of small boys and aliens, principally Japanese in the vicinity of the homes of residents of Menlo Park and Atherton. He stated that lately this practice had become quite a nuisance in his neighborhood and he asked the board to take some action to put a stop to it.

District Attorney Swart, who was present at the meeting, stated that while there is a county ordinance in existence forbidding the throwing of refuse of all kinds on the highways, the matter had never been brought to the attention of the people in the right way, and he suggested that uniform metallic signs, properly worded, be placed in conspicuous places about the county covering both the rubbish nuisance and the shooting of firearms.

The members of the board were of the opinion that something should be done at once in the matter, and acting upon a suggestion made by Supervisor MacBain, Attorney Harris agreed to take up with his committee the question of framing the proper kind of a sign and to report back at the next meeting of the board.

In the meantime, the clerk, on motion of MacBain, seconded by Hickey, was directed to instruct the traffic officers of the county and the fire wardens to see that the ordinance governing the above matter be enforced.

Two bids were received for boring a well on the County Poor Farm property as follows:

H. H. Archer, Moss Beach—First 100 feet \$3 per foot. Next 50 feet \$4 per foot. Next 50 feet \$5 per foot. Burroughs & Sons, Oakland—First 50 feet \$4 per foot. Second 50 feet \$4.50 per foot. Third 50 feet, \$5 per foot. Fourth 50 feet, \$5.50 per foot. The latter also submitted several alternative bids for the work.

In both bids the county was to furnish the casing for the well and also the water necessary for drilling purposes. Archer's bid being the lower, the contract was awarded to him, on motion of MacBain, seconded by Hickey, and the district attorney was requested to prepare the necessary form of contract.

Charles G. Landschelt, captain of Thirteenth Company, Home Guard of Redwood City, addressed the board relative to securing an appropriation from the county toward the fund that is now being raised to equip the organization with uniforms and rifles. Captain Landschelt explained that the Home Guard was under the jurisdiction of the Adjutant General of California and the members were sub-servant fund of \$178.51.

The board feeling that the cause was a very worthy one and realizing the necessity of an organization such as the Home Guard, voted to appropriate the sum of \$150, on motion of MacBain, seconded by Francis.

The following applications for dance permits having been given their second reading, were granted, on motion of Hickey, seconded by Francis, all the members voting "yes" with the exception of Brown, who voted "no."

John Fopplano, Millbrae; W. D. Renner, Rockaway Beach. Miss Anna Bell Bailey, county librarian, submitted her annual report for the fiscal year, 1917-1918, showing a balance on hand in the library fund of \$1 178.51.

The report includes a description of the library activities during the year, which was largely in connection with war work. She called attention to the large increase in the cost of all commodities and asked that additional money be allowed the library fund to meet this increase.

Miss Bailey stated in her report that she had been able to keep her expenditures down through the careful consideration and advice given her by Purchasing Agent Ernest Werder on all requisitions going out of her office. Without his aid, she said, it probably would have been impossible to have maintained the library on account of the tremendous advance in all supplies.

The report of Miss Bailey was ordered filed. William Smith of San Francisco, whose application had been approved by District Attorney Swart and Sheriff Sheehan, was given a peddlers' license, on motion of Hickey, seconded by Francis.

The report of J. R. Eubanks, superintendent of the county farm and hospital, for the month of June, 1918, showed that he had cared for 79 inmates during that time, 16 of whom were discharged and five had died.

Applications for dancing permits in the county were received from the following persons and the hearings in same were set by Chairman Thompson for Monday, August 5:

Ettore Croce, Colma; John Fannuchi, Miramar and G. Tomel, Princeton.

A bid for furnishing lighting for the San Carlos Highway Lighting District recently formed was received from the Pacific Gas and Electric Company. The prices were in accord with the usual rates allowed the company.

The bid was accepted, on motion of Brown, seconded by Francis, and the contract awarded the company.

A sufficient amount of money to cover the expenses connected with the establishment of the above lighting district and for the maintenance of same, was ordered transferred from the Second Road fund, on motion of Brown, seconded by Francis, the understanding being that the money would be returned to the latter fund when available.

Action upon a petition from the Artichoke Growers' Association and others received at the last meeting, requesting that Newton Peck, county horticultural commissioner be allowed more time in which to carry on his inspection work in the county, the board, on motion of Hickey seconded by MacBain, voted to grant him four days a week instead of three, as at present, with the understanding that he submit a report each month as to where and when he puts in his time.

A communication was received from the Pacific Gas and Electric Company, calling the board's attention to a recent order of the Railroad Commission, allowing the company to add ten per cent surcharge to its contract price for furnishing light to the various highway lighting districts of the county.

A petition signed by J. W. Burdett and a large number of other taxpayers of Belmont, was received, asking the board to take action to prevent the establishment of a tubercular hospital at that place by the City of San Francisco, as had been contemplated and for which, it was understood, an appropriation had already been made.

Supervisor Brown explained that the petition had been gotten up before the adoption by the board at the last meeting of Ordinance No. 300, which prohibits the establishment of a tubercular or similar hospital in the county, without permission being first secured from the supervisors.

District Attorney Swart explained that to make the above ordinance safer as far as its constitutionality was concerned, it would be advisable to incorporate a provision in it, prohibiting the maintenance in the county of tubercular hospitals. This would necessitate the owners of hospitals already established to apply for a permit from the supervisors.

On motion of Brown, seconded by Hickey, District Attorney Swart was directed to draw up a new ordinance covering the additional provision.

Supervisor MacBain presented a petition signed by L. H. Brown and about 54 other persons residing in and about Menlo Park, asking that a certain road running from Willow avenue to the Creek road in North Palo Alto be improved.

At the request of Supervisor MacBain, and on motion of Brown, seconded by Hickey, an order was made requesting County Surveyor J. V. Neuman to make a survey of the thoroughfare and ascertain if it belonged to the county.

The petition was ordered filed. A copy of a resolution adopted by the city council of Los Angeles and directed to the Governor of the state, urging the carrying out of the idea of ringing a bell or blowing a whistle

each day at 12 o'clock noon for the people to stop a few minutes and pray for victory, was received.

On motion of MacBain, seconded by Francis, the communication was laid over for action until the meeting of August 5th.

Mrs. H. A. Dana, president of the Social Service Commission, and Mrs. C. A. Walters, one of the directors, appeared before the board in reference to a report that had been presented at the last meeting in regard to granting and withdrawing aid to certain persons in different parts of the county.

Following the explanation of several cases in connection with the report by the above ladies, the report itself was adopted, on motion of MacBain, seconded by Hickey.

A communication was received from Mrs. Henry Ward Brown in which she asked that she be granted six months leave of absence from her duties as Social Service Commission on account of her time being altogether taken up with the work connected with the Home Community Service at Menlo Park.

The request was granted on motion of Brown, seconded by MacBain, and on motion of Hickey, seconded by MacBain, Mrs. E. Sweeney of South San Francisco was appointed to take Mrs. Brown's place during the latter's absence.

Board of Equalization.

The board reconvened as a board of equalization.

The minutes of the previous meeting were read and approved.

A communication was read from S. L. Griffith asking for a reduction in the assessment against the property of Dr. C. W. Cleary, situated in Burlingame, the contention being that the assessment was too high.

On account of the communication not being received at least three days prior to the final meeting of the board of equalization, the time required to give notice of the lowering or raising of assessments, the board was unable to take any action with the request and the communication was turned over to County Assessor D. P. Flynn.

The board adjourned at 12:40.

Baptist Church.
"The Power of an Ideal" is the subject that will be discussed at the Baptist church Sunday evening at 8 o'clock. It will be a live discussion dealing with present day matters. In the morning at 10:15 is the hour for Bible study.

NOTICE IN RE APPLICATION FOR VEHICLE PERMIT

NOTICE is hereby given that Enos & Nunes did on the 15th day of July, 1918, file an application for a permit to operate 1 automobile for the hauling of freight over the County Highways between Pescadero and Tunitas. This application is filed under the provisions of Ordinance No. 299 of San Mateo County, California.

The hearing on said application is set for the 5th day of August, 1918, at the hour of 10 o'clock A. M. in the chambers of the Board of Supervisors at Redwood City, of said County and State.

Any person knowing of any reason why said application should not be granted will be heard at said time and place.

By order of the Board of Supervisors.

JOS. H. NASH, Clerk.

ENOS & NUNES, Pescadero, Cal.

NOTICE

Notice is hereby given by the Board of Trustees of the Ravenswood School District, San Mateo County, California, that bids will be opened for the erection of a new school building in said district.

All bids must be accompanied by a certified check for not less than ten per cent of the amount of the bid submitted. Bid must be enclosed in sealed envelope and delivered to the Clerk of the Board at Palo Alto not later than 8 p. m., 22d of July, 1918.

Plans may be obtained from the architect Norman B. Coulter, 46 Kearny street, San Francisco. A deposit of ten dollars will be required with each set of plans given out.

The Board of Trustees reserves the right to reject any and all bids that may be submitted.

C. M. FITZGERALD, Clerk of Board of Trustees of Ravenswood District, 101 Pope street N. Palo Alto.

The time for receiving bids is extended one week, to July 29, 1918, and will be opened at the same place as above stated.

LIST OF CANDIDATES FOR VARIOUS OFFICES

Thursday was the last day in which candidates could file their nomination papers. A few delayed this important duty until the last moment. No less than ten candidates for office filed their papers late in the afternoon. That political lines are rapidly disappearing is demonstrated by the fact that only a few candidates for the respective county committees filed nomination papers. The democrats in the second and third townships filed the proper papers but no other township in the county were there men willing to serve on the committee. The republicans failed entirely to file nominations.

Here are the names of the candidates who have filed their nomination papers:

W. G. Lorgan, Associate Justice of the Supreme Court, Republican.
M. B. Johnson, Congress, Eighth District, Republican.
Curtis D. Wilbur, Associate Justice of the Supreme Court.

ADDITIONAL SAN CARLOS ITEMS

Milton J. Smith who is assisting his brother in the management of the Bungalow Theatre in Oakland was down to look the ranch over last week.

Misses Vera and Helen Boyd escorted by Coleman Hull of San Mateo motored to Brookdale last Saturday, returning Sunday night. The young folks have a number of friends in camp at Brookdale and report a very enjoyable outing.

The citizens of San Mateo county should be very proud of the fact that all the candidates for office are volunteers and that none of them had to be drafted; that they have surrendered themselves entirely to the will of the people, forgetting self interest all together.

Evelyn Haydock of this place has gone to Washington to visit Congressman E. A. Hayes.

REHABILITATION OF OUR SOLDIERS

The United States Government is not going to be content with merely re-educating and rehabilitating its soldiers who have been disabled by wounds, and fitting them for useful and gainful occupations; it is not going to leave them to shift for themselves, but will exert an active, continuing interest in their welfare.

This does not mean that the Government is to coddle them or treat them as weaklings, but it is going to take an active interest in securing them work, and in other ways endeavor to make up to them the opportunities and advantages they lost by reason of wounds received in fighting their country battles.

OUR WAR INTENTIONS

"We intend what our forefathers, the founders of this Republic, intended. We in America believe our participation in this war to be the fruition of what they planned. Our case differs from theirs only in this, that it is our inestimable privilege to concert with men out of every nation what shall make not only the liberties of America secure, but the liberties of every other people as well."

"There can be but one issue. The settlement must be final. There can be no compromise. No halfway decision would be tolerable. No halfway decision is conceivable."

"The blinded rules of Prussia have roused forces they knew little of—forces which can never be crushed to earth again; for they have in their heart an inspiration and a purpose which are deathless and of the very stuff of triumph."—From the President's Mount Vernon Address.

UNITED STATES REVENUES

The internal revenue collections for the fiscal year ending June 30 last totaled \$3,672,000,000. The collections for the preceding year were \$360,000,000. This year's collections exceed by nearly \$300,000,000 the estimates made when the war revenue measures were passed by Congress last year.

Four thousand persons were employed in the work and the total cost of the collection was only \$12,000,000. The patriotism roused by the war contributed largely to the success of the work, and the taxpayers assisted and co-operated with the Government.

A determined effort will be made to bring to book tax evaders in every part of the country. The Treasury already has evidence against a large number who have sought to evade taxes and by checking up contracts and with other data the Government expects finally to discover and punish many tax evaders as well as to recover large amounts of revenue illegally withheld.

THE GERMAN DOCKS

The taking over by the United States of the title and possession of the docks, piers, wharves, and other shipping property on the Hudson River, owned by the German steamship companies, the North German Lloyd and the Hamburg corporation, is greeted with universal approval by the American people. The property is to be retained by the Government and not turned back to its former owners at the close of the war.

Purchasers of Liberty Loan Bonds and War Savings Stamps, who supply the money used for this purpose may feel especial gratification. These docks and piers and wharves are strategic points of great importance and value, and it is intolerable that they should remain in enemy hands, or that they should ever revert to German ownership. German commerce has been shown to have been so indissolubly bound up with, and so much a part of German militarism, that it is just and right that it should suffer all the penalties of war.

WILLIAM H. BROWN

Supervisor W. H. Brown of the second township is certain of re-election. He has made a painstaking supervisor, has been honest in his convictions and has given the people of his township a good administration. Mr. Brown deserves well at the hands of the electors of his district. He has carefully guarded the interests of his township on the board of Supervisors leaving nothing undone to secure for it its full measure of good things. He is a tireless worker, a clever debater and a man possessing sound judgment and tact. Mr. Brown should be retained on the board.

ROY W. CLOUD

Roy W. Cloud will be the only contender for the office of superintendent of schools at the forthcoming election in August. The fact that there is no one in the county willing to measure swords with him speaks volumes for his popularity and also for his efficiency. Mr. Cloud has shown his ability in the manner in which his office is conducted. The taxpayers are satisfied with his work and will keep him at the head of the school department of the county.

MAYOR ROLPH FOR GOVERNOR

Few political events in recent years have so stirred the voters of California as did the announcement last Monday of James Rolph, Jr., Mayor of San Francisco, that he is a candidate for governor. The news, following as it did months of speculation, was followed by a deluge of messages from all sections of the state promising Rolph active support.

Overnight the political situation changed radically. In less than 24 hours after making his decision, the Mayor had three times as many signatures to his petitions as were required to place him on the Republican and Democratic tickets; his organization was well under way throughout the state; hundreds of men and women who had held off until they knew what Rolph would do had jumped into the fray in the various communities.

Mayor Rolph will stand throughout the campaign as a great, big, constructive, win-the-war candidate. His support will come from all classes—from the ranks of labor, which he will carry overwhelmingly; from among the business men of importance, who respect him for his ability and personal business successes; from public officials, who realize that he has been the best mayor San Francisco has ever had and who want him to carry out his policies on a broader scale; from the sane, level-headed, patriotic citizens in every community, and particularly from the women, with whom he has been a favorite throughout his political career.

The multitudes who gave United States Senator Hiram W. Johnson the greatest majority ever received by a gubernatorial candidate, when last ran for governor of California, are expected to support Mayor Rolph as the logical successor to Johnson—as the man who will carry out Johnson's big ideas of State Government.

For Rolph is thoroughly constructive. His life has been spent in building big, helpful things. He is one of the Pacific Coast's greatest shipbuilders. Everywhere in the city and county of San Francisco are concrete evidences of his success in building things. San Francisco's magnificent Civic Center, its Municipal railway, its Twin Peaks Tunnel, its Hetch Hetchy water project, all these stand to the credit of Mayor Rolph; while green in memory is the Panama-Pacific International Exposition, greatest of its kind in history, and of which Mayor Rolph was a moving spirit.

DR. C. V. THOMPSON

Word comes over from Pescadero that Dr. Thompson will be re-elected by an overwhelming majority. During his term as supervisor of the fifth township he has done wonders in road building, considering the small means at his disposal. All the main thoroughfares are in good condition, some of them the best in the county. He has labored with some difficulty to give the people of his district splendid roads and in this he has been highly successful. As chairman of the board he has been fair, impartial and courteous at all times, giving everyone a proper and courteous hearing. Mr. Thompson should be retained on the board and if we understand the temperament of the people of the fifth township rightly we feel certain that he will be.

JUDGE THOS. J. LENNON

In your anxiety and interest in local candidates do not forget to vote for Thomas J. Lennon for associate justice of the supreme court of the state. Judge Lennon is the present presiding judge of the court of appeals of the first district of California. He has filled this position with credit to himself and the people of the district. He deserves a promotion. Give it to him.

A. McSweeney

Tax collector A. McSweeney will be unsupported for re-election at the primaries in August. There was an effort made to secure a candidate against him but nowhere in the county could such a man be found who had the tenacity to undertake the task to defeat him. Mr. McSweeney has made the most efficient tax collector the county ever had. The affairs of his office are conducted in a way that has gained the admiration of the tax payer. It is one hundred per cent efficient. Mr. McSweeney is always at his desk performing his duties faithfully and efficiently. He considers a public office a public trust and acts accordingly. No wonder then that the people want to retain him.

ROBT. J. LETTS

Robert J. Letts, the candidate for county recorder whose card announcing his candidacy appears in another page of this paper, is making a thorough canvass of the voters of the county. His charming manner, pleasing ways and personal magnetism is winning many votes for him. He is greeted on all sides as "Bob." This familiarity shows how he is held by the voters. Mr. Letts, if elected, will make an efficient official who will give all his time to the duties of the position. Mr. Letts is receiving encouragement from all portions of the county. He realizes the strength and popularity of his two opponents and this fact spurs him on to greater effort.

Loyalty to the moral principle involved in this war is not to be measured from the American date of hostilities, for the German cause was just as abominable before April 6, 1917, as it was after that.—The Literary Digest, 7-24-18, page 11.

WOODSIDE NOTES

THE HEN IS ON THE JUMP
When everything seems standing still, too peaceably, like and slow, you get a little wary, "You're glad all this peaceableness of a sudden, goes a-thump! For better days are coming, and the hen is on the jump."

Chorus:
Just wake up with a bump, and give yourself a bump, for there's always something doing when the hen is on the jump.

Sometimes the jump don't please you, it's a little bit too high, or she jumps with too much energy. At objects passing by, just hold your breath and speculate: Don't show you're "up a stump," pretend you have this lively gall of the hen that's on the jump.

Chorus:
Just wake up with a bump, and give yourself a bump, for there's always something doing when the hen is on the jump.

The busy bee is busier, the early bird is wiser, the lady bugs, and crazy bugs, are dancing all in rhyme, the lady little caterpillar, walks up and gets quite spiky, and knows all of a sudden, that she's on the jump.

Chorus:
Just wake up with a bump, and give yourself a bump, for there's always something doing when the hen is on the jump.

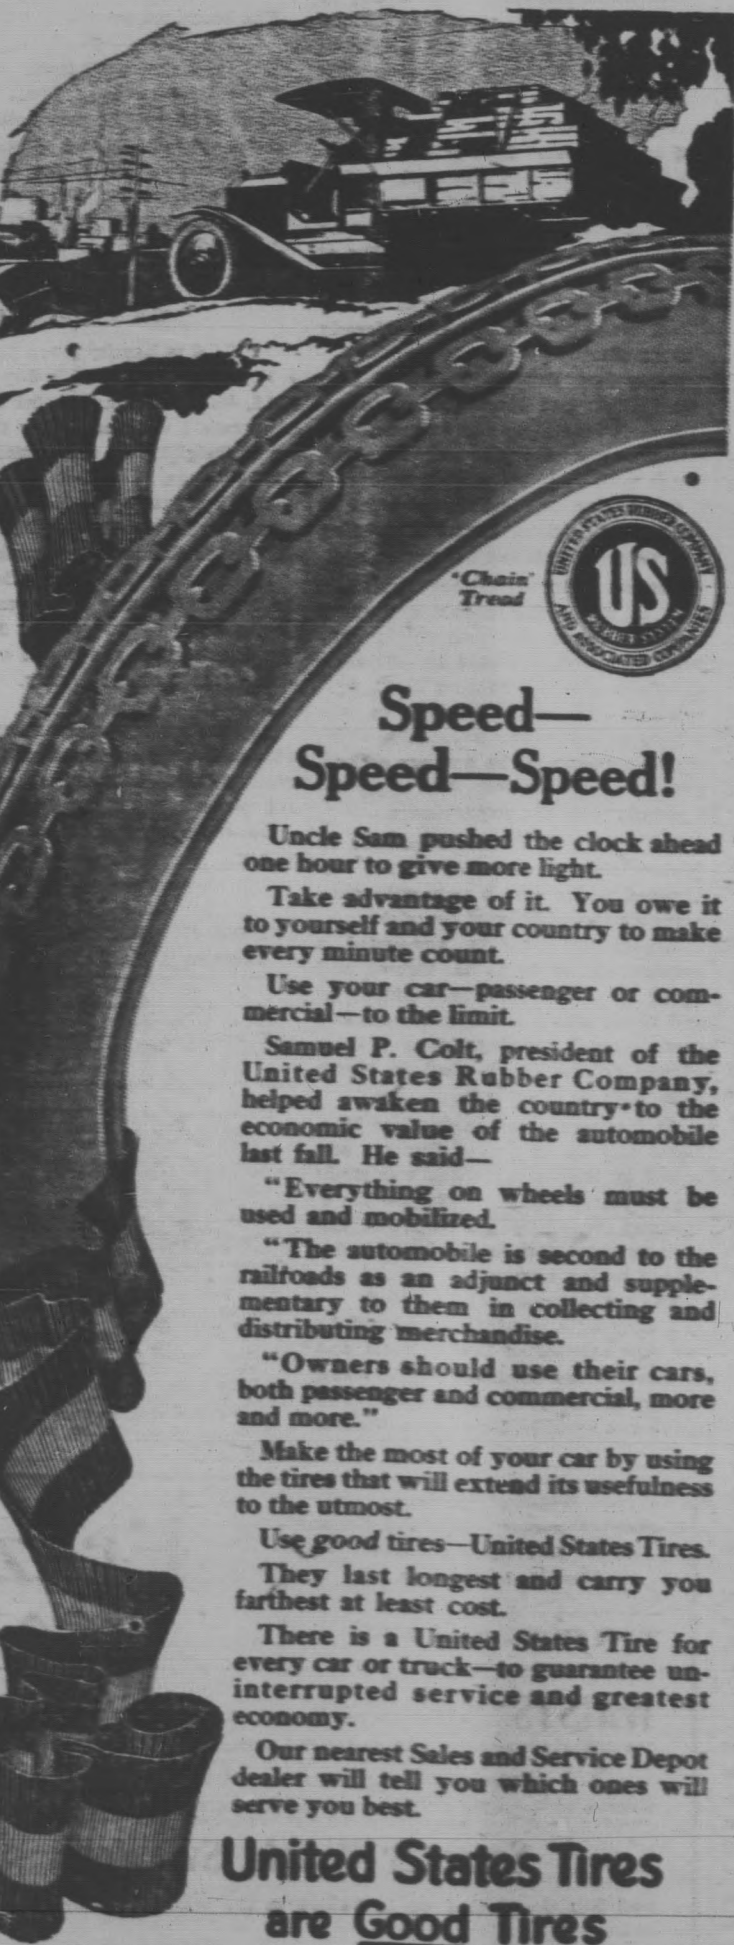

It's up to you, to do your best, at whatever thing you try, for God your bow, your shovel, and your pitchfork in a jump, for he is on the jump, and the hen is on the jump.

Chorus:
Just wake up with a bump, and give yourself a bump, for there's always something doing when the hen is on the jump.

Rev. and Mrs. R. St. John have gone on a two weeks vacation, during which there will be no preaching service at the church, but the Sunday school will be held as usual. Most of the time will be spent in Pacific Grove visiting friends, and attending the Missionary Conference at Astoria.

On Thursday, July 11th, at the Parsonage, Mr. Chas. H. Robinson and Miss Leona Brown, both of San Jose, were united in marriage, by Rev. Mr. St. John, former pastor of the bride. Mr. Robinson, a young business man of San Jose, has been allied into the service, and after a brief honeymoon, will report for duty at Ft. McDowell. They were accompanied by Mr. and Mrs. Goodwin, the latter a sister of the bride-groom and Misses Hazel and Gladys Brown, sisters of the bride.

On Monday, July 15th Mr. St. John was called to Oakland to perform a service for Mr. Alfred Elson and Miss Eugenia Schmidt, both former residents of Benicia, where Mr. St. John was pastor for eleven years.

Speed—Speed—Speed!

Uncle Sam pushed the clock ahead one hour to give more light.

Take advantage of it. You owe it to yourself and your country to make every minute count.

Use your car—passenger or commercial—to the limit.

Samuel P. Colt, president of the United States Rubber Company, helped awaken the country to the economic value of the automobile last fall. He said—

"Everything on wheels must be used and mobilized."

"The automobile is second to the railroads as an adjunct and supplementary to them in collecting and distributing merchandise."

"Owners should use their cars, both passenger and commercial, more and more."

Make the most of your car by using the tires that will extend its usefulness to the utmost.

Use good tires—United States Tires.

They last longest and carry you farthest at least cost.

There is a United States Tire for every car or truck—to guarantee uninterrupted service and greatest economy.

Our nearest Sales and Service Depot dealer will tell you which ones will serve you best.

United States Tires are Good Tires

We know United States Tires are GOOD Tires.

That's why we sell them.

**TO THE VOTERS OF
SAN MATEO COUNTY**
Redwood City, Cal., July 15, 1918
I beg to reply to the letter by Mr. Nash published in the San Mateo Daily News on July 13, 1918.
Mr. Nash states in his letter that "It is deeply regrettable that my hope that war might be avoided, expressed in common with millions of my countrymen BEFORE THE ENTRY OF OUR COUNTRY INTO THE WAR, and BEFORE we fully understood conditions, can now be distorted for political purposes."

First: Nash's statement that millions of Americans opposed war with Germany at the time he did, is a libel, I believe. At that time I was campaigning against war with Germany, the others doing likewise were mostly German propagandists and sympathizers.

Second: I will ask Mr. Nash, if he wanted to avert war, why did he suggest war with Mexico in his remarkable telegram to Congressman Hayes on March 31, 1917?

Third: Mr. Nash, do you know that diplomatic relations between America and Germany were severed February 3, 1917?
Fourth: Do you know that President Wilson on February 3, 1917 officially laid before Congress the extraordinary announcement of the Imperial German Government that on and after the first day of February (1917) it was its purpose to put aside all restraints of law or of humanity and use its submarines to sink every vessel that sought to approach either the ports of Great Britain and Ireland, or the western coasts of Europe or any of the ports controlled by the enemies of Germany within the Mediterranean?

Fifth: Of course you know that the "Zimmermann" note was intercepted and revealed by our Government on February 23, 1917.
Where were you, Mr. Nash, between February 3, 1917 and March 31, 1917?
How long does it take you to become not only a good American but a supporter of righteousness, justice and humanity?
I will quote your own telegram to Congressman Hayes:
"Redwood City, Calif., Mar. 31, 1917—Hon. E. A. Hayes, H. of R. Washington, D. C.: Use all honorable means to keep us out of the European conflict. If we must fight let us protect our honor in Mexico. Are we being made a cat's paw of by England and Wall Street?"

You suggested war with Mexico, just exactly what that rascal Zimmermann and the German propagandists were striving for. You were against war with Germany but not against war with Mexico. If you had the same views as Zimmermann on March 31, 1917, two months after Germany's submarine announcement, when did you change your views and become a patriotic American?
Mr. Nash points to the faithful discharge of our duties in the registration of our soldiers. I have never questioned that and ask Mr. Nash, why should he not fulfill his duties? What does he suppose would have happened if he had failed to register the soldiers?

Mr. Nash mentioned his Red Cross activities. I will ask him what attitude his whole household took in the Red Cross work before the first drive? Did you, Mr. Nash, refuse to do anything for the Red Cross before we were at war, on the ground that the American Red Cross did nothing for Germany? Did you know Mr. Nash, that long before we were at war, Germany after murdering Red Cross nurses and doctors, kicked the organization out of Germany.
To the voters I will say that I know of no "ring" supporting me outside of hundreds of good American citizens of this county. I challenge Mr. Nash to name the member of a so-called "ring" supporting me.
Respectfully,
ROY H. CURRAN.

First publication in Times-Gazette, weekly, July 13, 1918.

It was rumored at Camp Fremont yesterday that the postoffice at the camp is to be taken over by the cantonment authorities. It is now under the supervision of Postmaster Charles Fay of San Francisco.
Runnymede will give a play for the benefit of the Red Cross this Saturday night in the club house just off the Bayroad and east of Cooley avenue.

The play is a presentation of the "Wild and Wooley West," showing a mixture of New York elite and the Scouts and Indian maids of the West.
Harry B. Morey and sons are engaged in laying concrete sidewalks around the Knights of Columbus recreation hall at Camp Fremont. Over \$2000 will be spent in this work. It was rumored around the camp yesterday that the government had in contemplation the laying of sidewalks along the principal streets of the cantonment.

The local postoffice has been enlarged. The office portion of the Menlo Park Garage has been taken over by the government and added to the space occupied by the department. This will give considerable more room to the office force in which to work. Owing to the camp the business of the postoffice has greatly increased.
Forty-six thousand men from all states and District of Columbia were called to the colors on Thursday by Provost Marshal General Crowder of Washington. Of this number 7000 have been ordered to Camp Fremont. They will begin arriving here on August 5. It was learned yesterday that the Thirteenth and Eighth infantries were to be permanently located at Camp Fremont. These regiments came from the Philippines last October.

Michael Maloney, for many years employed by Duff & Doyle, was married last Wednesday in San Francisco to an estimable young lady by the name of Mamie Dowd. Mr. Maloney is now employed by the United Railroads and holds a responsible position with the company. The many friends of Mr. Maloney here will be glad to learn of his matrimonial venture, and all wish him a prosperous and happy journey down life's stream.

Twenty tons of apricots are being shipped daily from the orchards of Timothy Hopkins of this place. Mr. Hopkins is receiving a fancy price for the fruit.
John O'Dougherty, the young man who resided with Mrs. Midgley up until a short time ago, recently enlisted in the aviation corps of the army. He is now a signal operator at Fort Meyer, West Virginia.
Miss Margaret A. Doyle, young daughter of Mr. and Mrs. Edward Doyle, left yesterday for a vacation to be spent in San Francisco and in Alameda county. Miss Doyle will probably make her debut in society this winter. She is a charming girl.

Roos Brothers will move into their elegant new store on the corner of Santa Cruz avenue and El Camino Real next Saturday. Charles F. Dominano an expert in military goods will be the manager of the new store. He is a veteran of the Spanish-American war. He knows the wants and desires of military people and will cater to the boys in khaki. The local concern is backed by four large stores, located in San Francisco, Fresno, Oakland and Los Angeles.

Elliott Selzer, manager of the Menlo Pharmacy, accompanied by his charming wife, left on Monday for Red Bluff to look after his drug business there and his other interests. They will occupy their attractive home there. R. M. McNally, a former resident of Daly City, will have charge of the local store. Mr. Selzer will make frequent visits from the north. Mr. and Mrs. Selzer who have resided here since last March, carry with them to their northern home the best wishes of the people of Menlo Park.

The women of Menlo Park, under the direction of Chairman Mrs. J. A. Donohoe, are doing a large amount of sewing for the Red Cross, both at the Red Cross cottage on Wednesday and Thursday afternoons, and at the Menlo school house on Friday afternoon. The women of the community are urged to attend and help.
Four new British officers arrived yesterday from Camp Kearny and were assigned as instructors to the 12th, 62d and 13th infantries and the reserve officers' training school. They will teach combat fighting, trench motor and bayonet fighting.

APPRAISER FILES REPORT
H. W. Schaberg, inheritance tax appraiser of the estate of Dr. E. N. Trelo, deceased, has filed his inventory and appraisal. The total value of the estate is placed at \$23,741.07. It consists of stocks, bonds, etc. and real property located in San Francisco and Burlingame.

THE WEEK'S EVENTS IN LOCAL CIRCLES

Redwood City as Seen Through Incidents Gathered Here and There

George Durham has purchased the interest of his partner Daniel Molyneux in the blacksmith business on Main street. Mr. Durham will hereafter conduct the shop.

Edward Headley, after a residence of six years in this city, has gone to San Francisco to permanently reside. He will engage in business there.

Mr. and Mrs. R. J. Shields depart this morning for Lake Tahoe to spend a vacation to two weeks. Mr. Shields is chief engineer of the Spring Valley pumping plant at Belmont.

Mrs. Ann Gunning is having her cottage next to Geo. Durham's blacksmith shop repaired and painted and in a few days will be as good as new.

Our old friend Thos. Durham, was here Wednesday, calling on old friends.

Luetta Millard, niece of Mrs. John Diemann leaves today for Pompana where she has secured a school and will begin her duties as a teacher on Monday. Miss Millard graduated from the State Normal school at San Jose last June.

Miss Gertrude Geary, the popular and efficient stenographer and chief clerk in the office of Judge E. F. Fitzpatrick, departed on Tuesday for her annual vacation of two weeks to be spent at Ben Lomond. Miss Geary and the three Bullivant sisters have taken a cottage at that delightful place where they will enjoy the cool mountain breezes and matchless scenery which it affords.

Mrs. J. B. Perry and her four children are at Santa Cruz where they will enjoy the sea breezes for three weeks.

J. C. Johnson and wife of San Francisco, J. F. Kuck and wife of Sisson, Siskiyou county, were here on Thursday as the guests of Mr. and Mrs. M. J. Knox. The visitors were shown Camp Fremont, the base hospital, Stanford University and other points of interest in and about Redwood City. All expressed themselves delighted with the beauties of the peninsula. Mr. Kuck, Mr. Johnson and Mr. Knox at one time served together on the board of trustees of the town of Sisson and were known as the solid three. Through their efforts the Southern Pacific Company erected a large depot at Sisson.

The first general election since the entrance of the United States in the war, is to take place before long. The Red Cross is and must be maintained a strictly non-partisan, non-political organization. The reason for this is obvious to everyone that they need no elaboration.

PESCADERO ITEMS

James McCormick was in Redwood City on business connected with the Bank of Italy of which he is an officer.

J. C. Williamson was a visitor in the Santa Clara valley this week. Frank Goularte has announced his candidacy for constable. Mr. Goularte is a young man of good character and if elected, would make an ideal officer.

Clark Rice, of Redwood, candidate for recorder made a thorough canvass of the coast side this week.

Edgar Shaw was a visitor in Redwood City Monday.

Mr. J. Perry has filed his nomination papers for the office of Justice of the Peace. This is the first time Mr. Perry has run for this office although he has made a number of attempts at being elected supervisor.

John MacBain and James Neuman were visitors in town Wednesday.

A. R. Reas, our popular garage man a visitor in San Francisco Wednesday.

H. C. Tuckson candidate for Tax Collector was in town this week.

Frank Williamson and family enjoyed a week motoring around the state. They were as far south as San Luis Obispo and returned by way of Fresno, touching Sacramento, Oakland and San Francisco.

M. Sheehan our popular sheriff was in town Thursday on official business.

J. J. Mochado was in San Mateo Thursday visiting his brother, John Mochado who is in the Red Cross hospital.

JUST A FEW LINES

James W. Foley, the local poet of Camp Fremont, writes the following poem for the edification of the people of Menlo Park:

A little bit of tin roof blew off the barn one day
And it gathered up some stuff from a haystack on the way
It struck a baby buggy and it stripped off all the wheels
Then it lighted on an ash pile and picked up some cornet steels
Then it lifted some wire netting and a leaky old tin pail
And it gathered a small lamp and a thirty penny nail
With a wheel from off a well rope and an old gum coat and ran
Into a pile of lamp black and empty varnish can,
And when the farmer found it, it was in a garage stored,
With a license number on it, for they thought it was a Ford.

WANTED—MANUFACTURER'S AGENT

INTERESTING ITEMS FROM SAN CARLOS

Happenings in Our Northern Neighbor Town Reported by One of Its Residents

Mrs. Mary Hooker Smith accompanied by the Hosmers motored to Santa Cruz for a week's outing.

Miss Olive McDonnell from Oakland is visiting at the home of her aunt, Mrs. Fred W. Lippman.

Mrs. L. A. Conklin spent the week end with relatives across the bay.

Falling to find apartments in San Francisco to suit them Mr. and Mrs. Claud L. French who formerly resided in the Lippman cottage, have decided to remain in San Carlos and have taken apartments at the J. M. Powers home.

Mrs. W. D. Smith in company with Mrs. Jno. A. Britton, is in Marin county for several weeks' outing.

H. W. Mahany, the cigar merchant, of Palo Alto, is building quite an addition to his cottage, adding three rooms and sleeping porches.

There is no other agencies which contributes so much toward building up a community as the local newspaper and with the reasonable price for subscription every one should give their support to their local papers.

If we expect to retain the splendid local train service which we now enjoy every patron should make a special effort to buy their tickets to San Carlos station rather than to Third street S. F. And we should not forget that the railroads are now operated by the people and that you should patronize your own institution whenever possible.

Buy thrift and war-savings stamps at your home postoffice.

Mr. Walter D. McDonnell and wife who have motored up from Fresno are visiting with the Lippmans at Laurel Nook. Mr. McDonnell is the brother of Mrs. Lippman.

Since the men in charge of the repairs to the state highway placed the barricade across that section of the road, thrice has "John Barleycorn" come to grief while trying to negotiate or hurdle the obstructions with his autos. Two of them were almost completely demolished, while the others went straight through, breaking only the headlights.

Some of our politicians do not seem to distinguish the difference between breaking into a political machine and that of breaking a political machine. We do not recollect as the old hoosier says, of any individual politician having anything to do with breaking up any political rings in San Mateo county before Johnson's administration put through the primary election laws; and we don't recall where the individual, now professing to have broken up, instead of breaking into the political machine supported Johnson and his administration during Johnson's first campaign, but we recall the flipflop very shortly afterwards.

The residents on Laurel and Cypress avenues, and particularly the ladies, are pleased to learn that the section of the state highway under repair will be ready for traffic to take its normal course before next Sunday so that they will be out of range of the dust. Several blocks of real estate have been transferred from one lot to another by being blown over in dust heaps.

Mr. Phillip J. Lawler, manager of the "school savings department" of the Bank of Italy, was a visitor last Monday on his way to Fresno. Mr. Lawler will visit all branches of the bank en route. The school savings department which was established in our schools several months ago has proven of incalculable benefit in the encouragement of thrift in our children; and indirectly has been of great help in the sale of thrift stamps for the children first buy the one-cent stamps from the Bank of Italy and when their fifty-cent card is filled, they exchange them at the bank for two thrift stamps.

The parody written by Miss Eleanor M. Jencks of Modesto, Calif., and printed in the "Bankitaly Life" is too good to be confined to one publication and so we are quoting it for the benefit of others, and particularly for the ladies:

"The hours I spent on thee, dear sock,
Are as a string of pearls to me;
I kiss each blight, and strive to last to learn,
To reach the toe, O Lord, to reach the toe."

Don't forget to call at the office of county clerk, Redwood City, or of the deputy clerk at San Carlos and register before July 27th if you wish to vote for your favorite candidates.

Mr. and Mrs. E. L. Johnson and Mrs. Peterson, Mrs. Johnson's mother have returned to their homes in Oakland after a week's visit with the Peterson's and Conklin's.

Mrs. F. J. Pearce was down from San Francisco for a day's visit with Cypress avenue.

Bob Letts, the genial candidate for county recorder called at progressive headquarters last week, dropped into the postoffice lobby shook hands and chatted with his fair voters who gave every appearance that they intended to treat Bob fair.

J. A. Graham, who has been employed as head gardener at the place of Mrs. Mary Hooker Smith for the past few months has taken a position with Mr. M. Brown at San Mateo in the same capacity.

A movement is on foot to place a flag pole in the center of the circular lawn between the station and the highway to bear a service flag beneath the stars and stripes in honor of the San Carlos boys now on their way and at the front. Every one should be willing to support the subscription for the purchase of these emblems. The flag pole from the old school grounds could be used to no better purpose. Willie McDonald is the only one so far who has crossed the briny deep.

Every one has expressed surprise at the announcement of an opponent to Jimmy Neuman the popular county surveyor; as we didn't expect that Jimmy would recognize an opponent if he met him in the road. However, Mr. Kneese is to be admired for his willingness to cross political swords with one who sits behind such impregnable barriers as our county surveyor's record presents. Should he win against a man like Neuman he'll never have to get on his knees to anybody.

Judge and Mrs. Jas. M. Trout of

San Francisco are visiting at Mr. Fred E. Kendall, brother of Mrs. Trout.

Mrs. J. C. Rodriguez of San Francisco was here for the week end with the O'Briens on Cypress avenue.

Some of the politicians can't understand why they are forced to pay \$10, when it was only \$5 during the last campaign, to have their noble features pictured in the movies when Charley Chaplin and Mary Pickford get thousands of dollars for being featured in the films.

Sargent Paul D. Smith, who has been drilling at Camp Hancock, near Augusta, Ga., for many months is expected home for a ten day's stay about August 1st. Paul was the first to enlist from San Carlos, and this reminds us that every young man from our little berg who has joined the ranks were clean cut fellows with temperate habits and the army or navy were not necessary to any of them as an institution for reformation.

Bill Brown was here last week to inspect the street work in the school house block and while Bill is not a politician he paid his respects to the political boss of the progressive party before he left town.

If Mayor Rolph becomes a candi-

date San Carlos, San Francisco and Milpitas will make him governor of this great state of California, if he'll just say the word. Our mayor has kindly consented to become his political manager for this district.

J. B. Peckham of the Peckham Transfer company of San Mateo was here on business last week.
